Dear Mr. Terrell:

The United States Environmental Protection Agency (EPA) and New Mexico Environment Department (NMED) conducted a Clean Air Act (CAA) compliance inspection at your facilities. A copy of the inspection report is attached to this email. EPA will use this report to determine your facilities' compliance with the CAA. Please review the report, note the areas of concern, and take the actions necessary to ensure compliance with the CAA.

Thank you for the cooperation extended to EPA and NMED personnel while at the facilities. If you have questions about this inspection report, please contact Cary Secrest at 202-564-8661 or at secrest.cary@epa.gov.

Regards,
